CAPITOL LIGHT
Your National Lighting Source

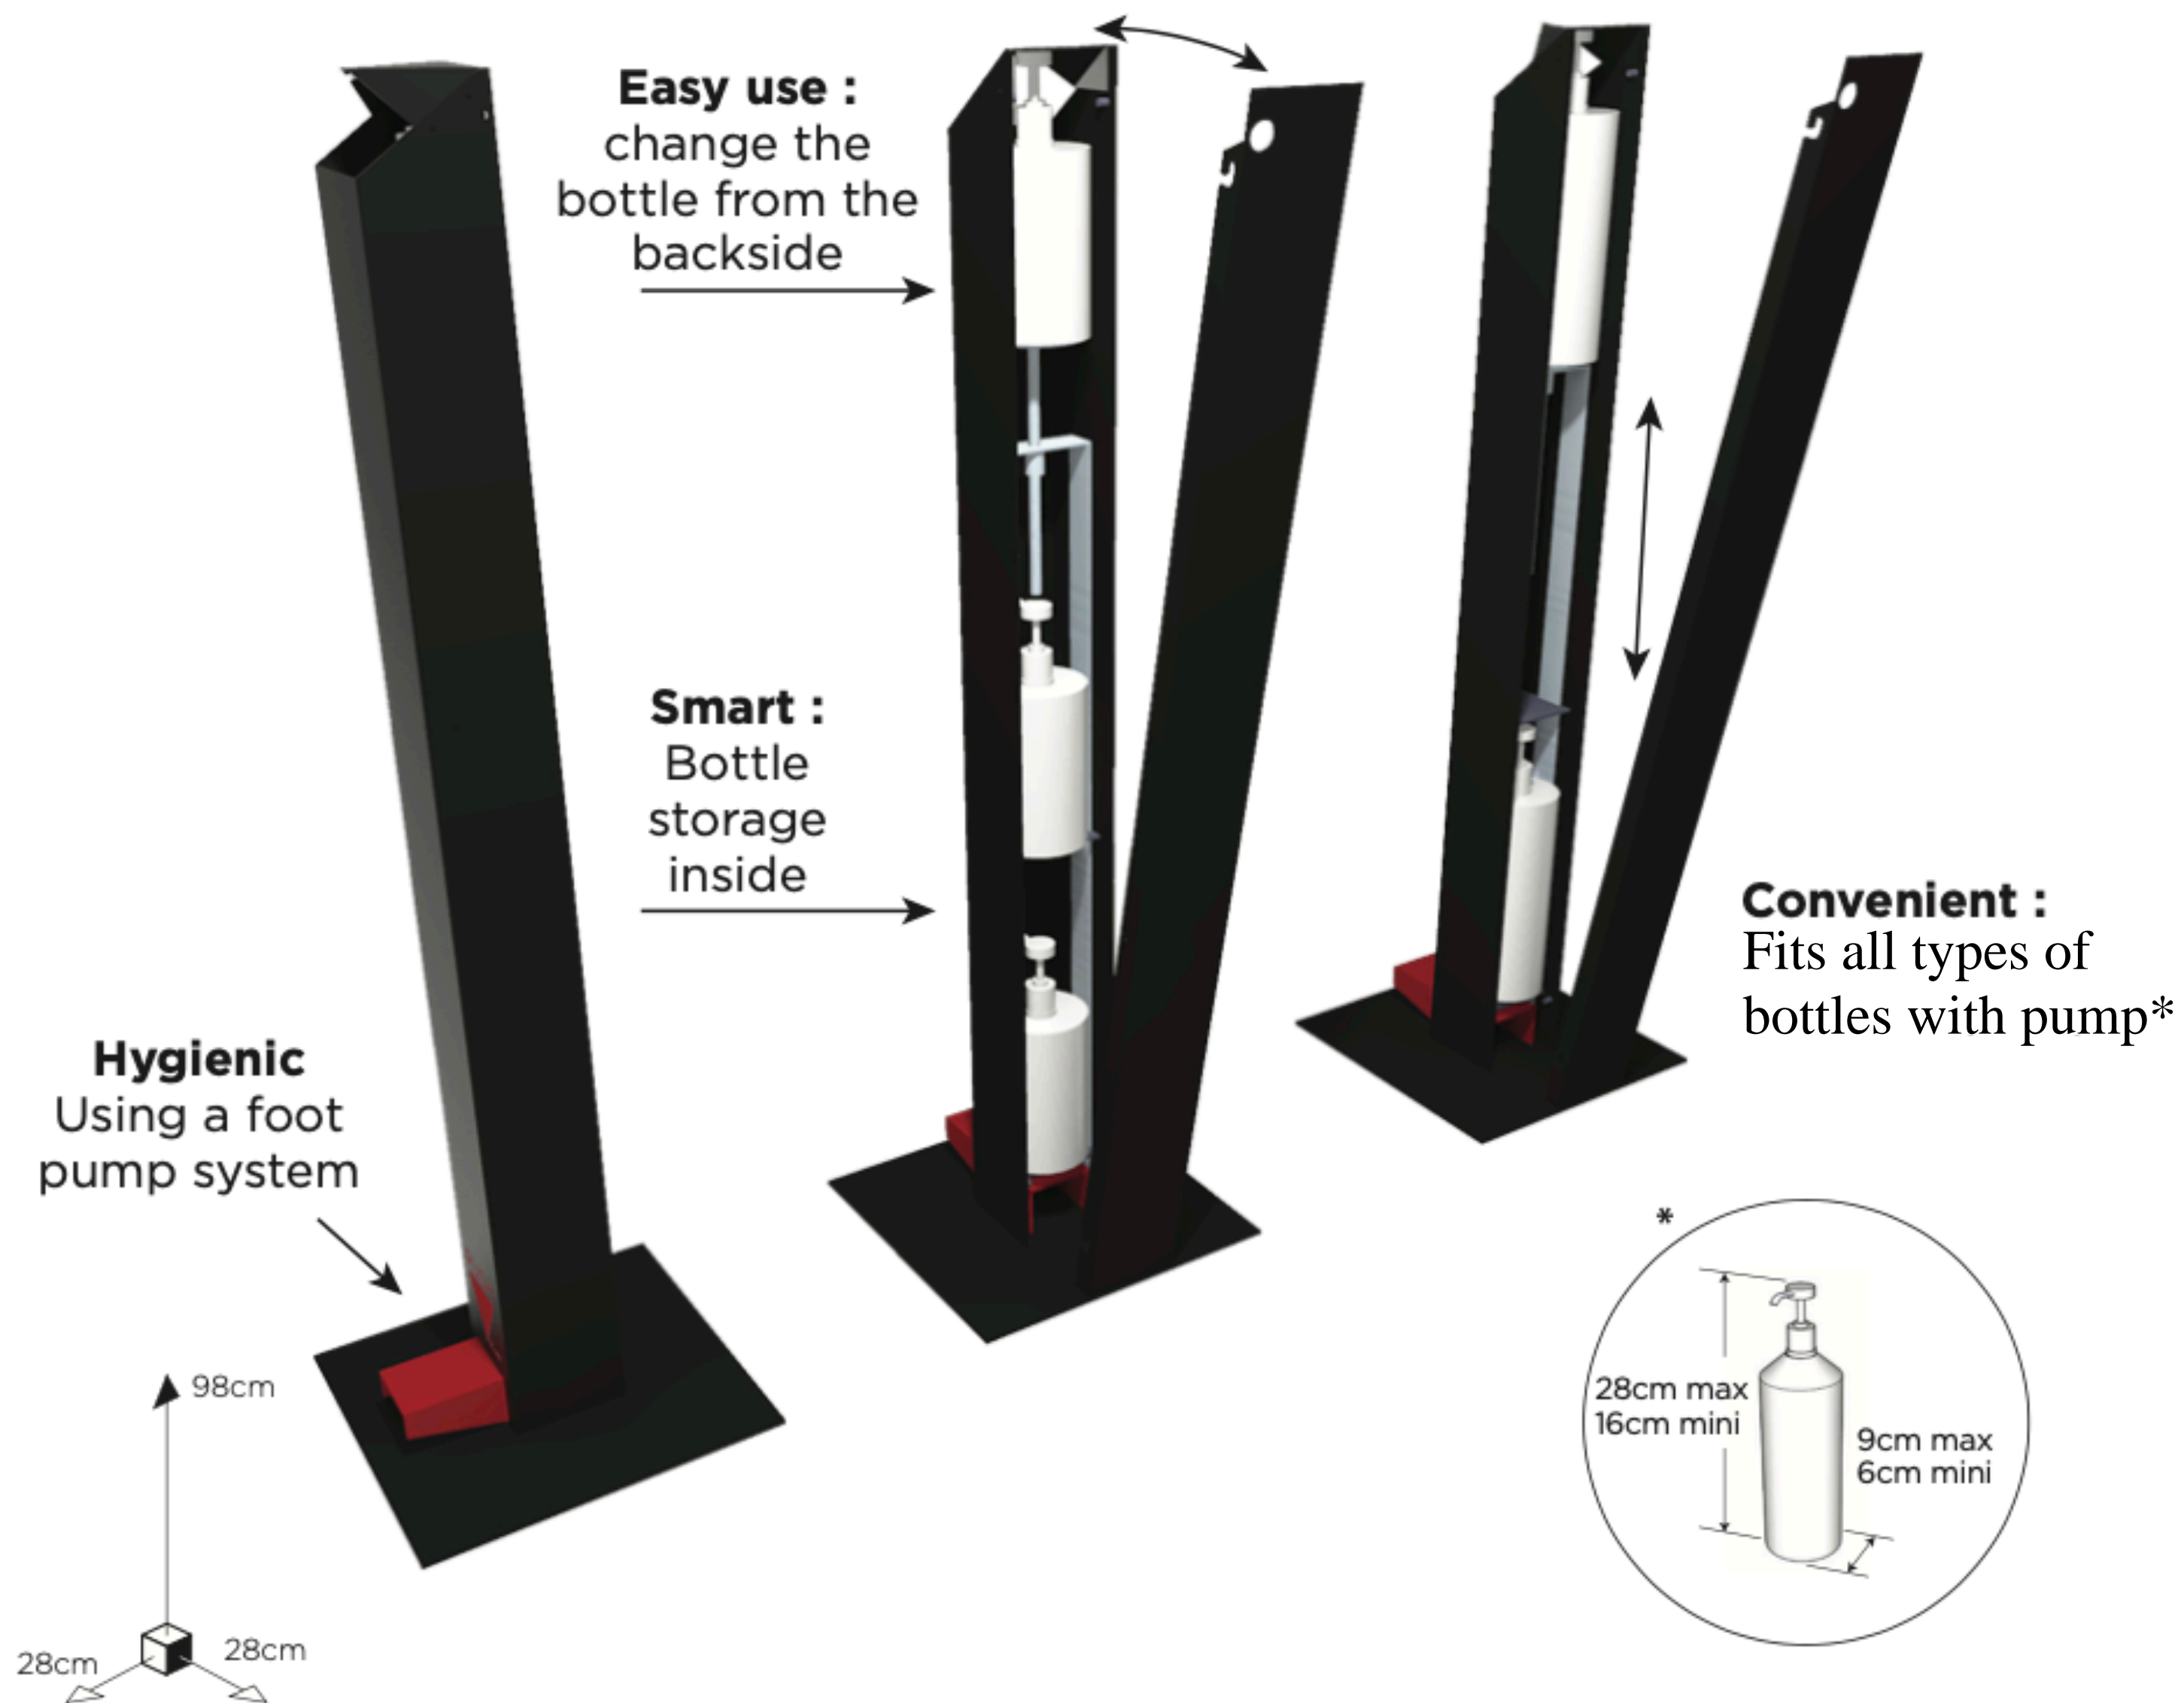

Introducing Capitol Light's new touchless sanitizer dispensers. Providing an elegant and simple solution for offering hand sanitizer in your space with reliable operation and flexibility of sanitizer choices.

- Touchless design to ensure safety.
- Clean and elegant design to provide an understated aesthetic.
- Non-proprietary - fitting most standard sanitizer bottles up to 32oz. Any bottle smaller than 3.5" width and 11" in height (with pump top) will fit our dispenser.
- Standard colors include white, black, red and gray. Custom color options available
- Can be used as a portable unit or can be secured in place easily.
- Free standing and wall mount designs available.
- Easy to use foot pedal operation.
- Sanitizer is available through Capitol Light and can be scheduled for delivery to ensure your locations never run dry. Inquire for our sanitizer options.
